Comptroller March Gallagher Releases 2023 Ulster County Public Pay Dashboard

Kingston, NY (March 18, 2024) -- Today the Ulster County Comptroller's Office released the 2023 payroll data on [The Ulster County Public Pay Dashboard](#). The Public Pay Dashboard data includes Ulster County employee's 2023 base pay, overtime pay, and other miscellaneous pay types. The data can be viewed by employee, by title, or by department.

"The Comptroller's Office is proud to be able to once again bring an enhanced level of transparency to Ulster County government," said **Ulster County Comptroller March Gallagher**. "As we noted last year, employees receive more than the budgeted pay for their position each year because of additional benefits or responsibilities. We hope this additional year's worth of data will assist managers, employees and collective bargaining units with their work."

The Public Pay Dashboard can be reached through the Ulster County Comptroller's website and is updated annually. The Dashboard now contains 2022 and 2023 data.
