Ulster County Shared \$27.1 Million of 2024 Sales Tax Revenues with the Local Municipalities

Kingston, NY (August 25, 2025) – Ulster County Comptroller March Gallagher released the 2024 Sales Tax Sharing Report showing the total sales tax payments made by Ulster County to the towns, villages and the City of Kingston that are situated within the County.

The City of Kingston received \$20,119,650 in sales tax payments for 2024, representing the greatest portion of the sales tax payments that Ulster County shares. The Towns of Woodstock, Saugerties, and Ulster received the greatest share of the 4% of 2024 sales tax revenues that Ulster County shares with the towns and villages located within its borders.

“Sales tax revenue sharing with local municipalities helps Ulster County’s towns, villages, and city provide critical services for residents,” said Comptroller March Gallagher. We believe that this report will inform the public as well as County and City decision makers as they look to renegotiate the sales tax sharing agreement that is set to expire in February of 2026.”

The report also presents data on how much sales tax revenue neighboring counties share with their local municipalities. Delaware, Greene, and Sullivan Counties share none of their sales tax revenues whereas Columbia, Dutchess and Orange Counties share more than Ulster County.
